

Formulary for the JHM Outpatient Medication Assistance Program (OMAP)

Note: The JHM Outpatient Medication Assistance Program (OMAP) is a clinic-based program and may only be used by outpatient clinics and JHCP sites approved to participate in the program. To be eligible for OMAP, the patient must not have any insurance coverage through private insurance, employer-sponsored insurance, HMO's, Medicaid, Medicare, State Pharmacy Assistance Programs (SPAP, SCHIP, PACE, etc.) or veterans' assistance. Patients with insurance, but without prescription coverage, are not eligible for OMAP. Patients must reside in the United States and have a treating physician licensed in the United States. An OMAP financial screening form must be completed and all other applicable OMAP requirements followed. Medications offered through OMAP are not insurance and are not intended to substitute for insurance.

OMAP prescriptions must be written for 30 days or less. This medication list is subject to change without notice.
