

NOTE:

1. If a proposal has a direct commercial sponsor AND is clinical research, then it will be processed by the Sponsored Project Specialist (SPS) at the Pratt Street office.
2. If a proposal has a prime commercial sponsor whose terms are flowed down to JHU through a subcontract AND is clinical research, then it will be process by the SPS at the Pratt Street office.
3. If a project has a commercial partner BUT the funding is from a federal sponsor, then it will be processed by the SPS at the MRB office (e.g. SBIR or studies with drug supply arranged by NIH).
4. Drug supply agreements with commercial sponsors for JHU investigator-initiated clinical trials will be processed by the SPS at the Pratt Street office.
