

RFA 2018 Core Coins for the Sidney Kimmel Comprehensive Cancer Center Analytical Pharmacology Shared Resource Core

The Sidney Kimmel Comprehensive Cancer Center (SKCCC) Analytical Pharmacology Shared Resource Core (APC) is pleased to announce Core Coins to support quantitation of drugs and metabolites in biological fluids using APC services (see attached flyer and list of available assays). The SOM Vice Dean of Research has and the Core Coins Committee has recently awarded the APC with \$25,000 in Core Coins. The APC will review applications submitted by Johns Hopkins University SOM Faculty and award \$2,500 to \$7,500 per project to supplement their drug quantitation projects.

All SOM faculty may apply. Preference will be for projects that are appropriate for the APC's instrumentation (primarily triple quad mass spectrometers) and are feasible within the time of the award. New users of the core, junior faculty and faculty in the last year of their funding are strongly encouraged to apply!

Please send the following to Michelle Rudek (mrudek2@jhmi.edu) by Monday, October 1, 2018:

1. Your NIH biosketch.
2. Project Title.
3. Brief (1 page or less) description of your project, and how this 'Core Coins' analysis will advance your research project. The description should include:
 - a) The initial description of the proposed experimental plan (i.e., drug stability screening; develop a method to quantitate a drug and measure an estimated number of samples). If the project is clinical or preclinical, it should be noted whether IRB or IUCAC approval has been obtained and/or is planned.
 - b) How the data generated will advance your research:
 - 1) Help you finalize or revise a manuscript for publication?
 - 2) Support a grant proposal?
 - 3) Help you secure funding for expanded studies?

Applications will be reviewed by members of the APC Steering Committee.

Awards will be announced by October 22, 2018.

All work funded with Core Coins must be completed by December 2019. Core Coins are not renewable, transferable or eligible for extension beyond this timeframe. One year after receiving their Core Coins award, awardees will be surveyed for their experience, project progress and suggestions on this Core Coins program.

For questions, please contact Michelle Rudek (mrudek2@jhmi.edu, 443-287-6476) or Nicole Anders (nander16@jhmi.edu, 410-955-1129).
