For more than 125 years Sibley Memorial Hospital has provided outstanding care for our community. We have led the way with new procedures, invested in leading-edge technologies, and created exceptional facilities—all with the goal of transforming health care and becoming a national model for innovation in a community hospital.

As a nonprofit community hospital in a rapidly evolving field, we rely on the support of the public to continue to grow, develop, and fulfill our mission to provide excellence and compassionate care to every person, every time. Philanthropic donations have been and continue to be the fuel for some of our most important work. Our donors, volunteers, and supporters have made Sibley what it is today.

Our Hope & Progress Gala is Sibley’s annual signature fundraising event. Over the past sixteen years, the gala has raised more than $11.6 million. These funds provide vital support to help us deliver the best care possible to every person who comes through our doors. We hope you will join us for the 17th Celebration of the Sibley Memorial Hospital Hope & Progress Gala.

Your support of the Sibley Memorial Hospital Hope & Progress Gala will help to:

**INSPIRE HOPE**

**KEEPING BABIES AND FAMILIES SAFE**
Women experiencing high risk pregnancies come to Sibley knowing they will receive the best treatments available through Sibley’s Maternal Fetal Medicine services. Sibley’s goal is to help make the birth of every baby—3,423 born at Sibley in 2016—a safe and healthy experience for everyone.

Babies requiring extra attention are cared for in Sibley’s Silberman Family Special Care Nursery, where nurses and neonatologist provide attentive care to newborns and emotional support to parents.

**PROMOTE PROGRESS**

**FUTURE OF CANCER CARE**
The future of cancer care is here with the arrival of The Johns Hopkins Sidney Kimmel Cancer at Sibley, uniting and expanding a wealth of innovative resources, leading edge technology, and clinical trials to diagnose and treat cancer on Sibley Memorial Hospital’s campus.

The new center allows Sibley to bring patients the most advanced radiation and medical oncology techniques, and highly skilled surgeons to treat a range of cancers including breast, colon, gynecological, lung, skin, prostate, and urologic. Patients also have access to groundbreaking clinical trials, support groups, navigation services.

**PIONEER MEDICINE**

**TRANSFORMING LIVES**
Sibley is ranked in the top 10 percent of hospitals in the country for hip and knee replacement by U.S News & World Report. Joint replacement care at Sibley is a truly comprehensive experience; it encompasses the entire process from evaluation through rehabilitation. Patients leave the hospital within one to two days and most work without assistance within two to three weeks.
