

Personal Essay Requirement

Why Volunteer at Sibley? The answers vary. Some volunteers have been patients or have had family members who were patients here; they deeply appreciate the level of care they received and they want to give back as a way of showing their gratitude. Others simply enjoy taking care of people and making a difference. We also have volunteers who are interested in pursuing healthcare careers and want to learn more about our environment. Please tell us in 250 words or more why you would like to be a Volunteer at Sibley Memorial Hospital.
