Division of Health Science Informatics Overview:
There are five programs in Health Sciences Informatics (HSI).

1. HSI: Clinical Informatics (Online Certificate)
2. HSI: Applied Health Sciences Informatics (Online MS)
3. HSI: Applied Health Sciences Informatics (MS) - The instructions below are for this program.
4. HSI: Health Sciences Informatics (MS, Research focus)
5. HSI: Health Sciences Informatics (PhD)

Program Details:
The Master of Science in Applied Health Sciences Informatics is a 12-month campus-based program with a capstone component. Students in this program work on the East Baltimore campus and the Mt Washington campus. The cost to attend this program is $54,900/year.

Program Admissions Requirements:
To apply to this program, applicants meet one of these three qualifications:

- Applicants should have one of the following three qualifications:
  - The applicant should have a terminal degree (Master's or Doctorate) in a relevant area of healthcare.
  - The applicant should have a bachelor's degree in a relevant area of study, plus 5 years of related work experience.
  - The applicant should have a bachelor's degree in a relevant area of study and submit GRE scores with their application.

Program Details:
The application for this program is open from 9/1/2019 to 3/15/2020. In the time before the application is open, applicants may log in and begin their applications. The application can only be submitted in the period when the application is open.

Academic History:
Applicants will need to list all colleges and universities they attended. A transcript will need to be uploaded from each school attended.

Admissions requirements:
- Some applicants are required to take the GRE for this program (see above). Scores from the GRE must be received before the Admissions application deadline for this program (1/15/2020). If scores were not directed to Johns Hopkins University or Johns Hopkins School of Medicine at the time the test was taken, the applicant should contact the College Board and have their scores sent to the Institution code: 5316.
- Applicants must submit a Curriculum Vitae (C.V.). This can be updated after the application is submitted, as long as the updates are before the graduate program’s deadline.
- Applicants must submit a one-page personal statement indicating the basis of their interest in graduate study and their career objectives. Applicants should include a discussion of any research experience they have had.
MS in AHSI – Admissions Information

- Applicants must identify three people who are familiar with the applicant’s work and provide contact info for these references. The contact info will be entered into the application, and SOM will contact the references and ask them to submit letters of recommendation on behalf of the applicant.

Getting to know you:
- Parts of the Admissions application collect information for mandatory reporting. These parts may ask applicants to select a pre-set category for gender, race or ethnicity. Other sections of the application allow applicants to share more details about how they choose to describe themselves.
- Application Fee waivers may be given to applicants based on family income (U.S. citizens only). The term family is determined by your definition. Families may involve adoptions, separations, and many other variations.

Admissions fees:
- An admissions fee of $115 dollars is required and must be submitted using a credit card. Applicants who meet eligibility requirements may apply to multiple Health Sciences Informatics programs. There will not any additional charge or application fees for reviews by other HSI programs.
- For a complete description of the fee waiver process, please see the Application Fees and Fee Waiver Instructions on the On-Campus Admission website. Fee waivers are only available for U.S. citizens.

Admission timeline:
- Review of applications will begin immediately after the application deadline. The Division of Health Sciences Informatics will begin reviewing applications when they are received, so submitting your application before the deadline may be helpful.
- The Division of Health Sciences Informatics will contact competitive applicants about interviews beginning in January, 2020. Interviews are usually conducted over Skype (or similar services) and finalists will be invited to campus to meet faculty and current students. DHSI will cover the cost of the hotel and meals, and up to $600 for (travel) domestic flights, train, car, bus, rideshare for applicants traveling to Baltimore for interviews.

Applicant survey:
- Applicants will receive a survey during the third week of April (after April 15) where they can provide feedback about their experience with the Admissions process. The survey will also ask questions about disability status of applicants.

Application status website:
- Once their application is submitted, applicant may follow its progress on the Application Status page. This page can be accessed upon completion of the application. The status page has the most current information.
Upon acceptance:
- Accepted students will undergo a criminal background check.
- Accepted students must submit official transcripts to the School of Medicine Registrar. This may be in the form of a digital transcript, which is submitted through a transcript service approved by the Johns Hopkins School of Medicine Registrar. The approved transcript service for international students is WES. Transcripts may also be mailed directly from the Accepted student’s school to the School of Medicine Registrar. Detailed instructions will be provided upon acceptance.

Communicating with the program:
- HSI contact: kwinny@jhmi.edu
- General questions: GradAdmissions@jhmi.edu
