Program Admissions Details:
In 2021, the Pathobiology PhD Program admitted 6 students out of a pool of 105 applicants. In August 2021, the total number of students in the program was 34. The average time to degree for this program is 5.6 years. Students in this program work on the East Baltimore campus.

Students in this program are paid a stipend to support their living expenses (the 2021-2022 stipend is $34,910). Tuition costs for SOM courses are covered by the School for students in this Program (i.e., not paid by the student). Standard medical benefits for the student are covered. Benefits for the student’s immediate family are available at additional cost to the student. Student stipends are subject to taxes. Students from Maryland with student loans may receive State tax benefits. More information is available here on our Financial Aid page. The University does not provide housing, though the housing office will provide advice.

Some students in this program are covered by Federal training grants. Others applied for individual scholarships and received funding. Applicants are encouraged (but not required) to apply for funding before beginning their training. Information about funding opportunities for U.S. students (including NSF GFRP and F31 grants) can be found here.

Program Details:
The Graduate Program in Pathobiology holds its recruitment in early January. The application for this program is open from 9/1/2021 to 12/2/2021. In the time before the application is open, applicants may log in and begin their applications. The application can only be submitted in the period when the application is open.

On the application, Applicants are asked to indicate the research area(s) of interest from this list:
- Immunopathology
- Microbiology & Infectious Disease
- Neoplasia
- Neuropathology
- Vascular Biology & Hemostasis

Academic History & Prior Research Experience:
Applicants will need to list all colleges and universities they attended. A transcript will need to be uploaded from each school attended. Applicants with prior research experience share information about this including the institution and mentor, dates of participation, and any publications resulting from the experience.

Admissions requirements:
- Applicants are NOT required to take the GRE for this program. Our program does not require the GRE General or Subject Tests, however if taken, applicants are encouraged to submit their scores. Applicants wishing to submit scores should request that they be sent directly to the University, using the GRE Institution Code: 5316. Submitted scores from the GRE must be received before the Admissions application deadline for this program (12/2/2021). If scores were not directed to Johns Hopkins University or Johns Hopkins School of Medicine at the time
PhD in Pathobiology – Admissions Information

the test was taken, the applicant should contact the College Board and have their scores sent to
the Institution code: 5316.
- Our program requires applicants to submit a Curriculum Vitae (C.V.). This can be updated after
the application is submitted, provided the updates are completed before the graduate
program’s deadline.
- Applicants must submit a two-page maximum personal statement indicating the basis of their
interest in graduate study and their career objectives. Applicants should include a discussion of
any research experience they have had.
- Applicants must identify three people who are familiar with the applicant’s work and provide
contact info for these references. The contact info will be entered into the application, and SOM
will contact the references and ask them to submit letters of recommendation on behalf of the
applicant.

International Students:
- The University will sponsor visas for accepted students.
- International students whose native language is not English are required to complete the Test of
English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS).
When taking the exam, applicants should request official scores be reported to Institution Code
5316 (the Department Code is not necessary). To report official IELTS test scores, please include
the Test Report Form (TRF) verification number on the application. Scores must be received
before the application deadline.
- The TOEFL requirement will be waived if the applicant has completed their degree in a U.S.
institution or English-speaking institution, or is currently enrolled and will receive a degree from
a university within the U.S. or English-speaking institution prior to matriculation at JHU-SOM.
- All transcripts, letters of recommendation, and parts of the Admissions application must be in
English. The approved transcript service for use by international students is WES.
- International students are not eligible for waivers of the Admissions Application fees.

Getting to know you:
- Parts of the Admissions application collect information for mandatory reporting. These parts
may ask applicants to select a pre-set category for gender, race or ethnicity. Other sections of
the application allow applicants to share more details about how they choose to describe
themselves.
- Application Fee waivers may be given to applicants based on family income (U.S. citizens only).
The term family is determined by your definition. Families may involve adoptions, separations,
and many other variations.

Admissions fees:
- An admissions fee of $115 dollars is required and must be submitted using a credit card. You
may apply to up to three School of Medicine programs with no additional fee.
- For a complete description of the fee waiver process, please see the Application Fees and Fee
Waiver Instructions on the On-Campus Admission website. Fee waivers are only available for
U.S. citizens.
PhD in Pathobiology – Admissions Information

Application status website:
- Once their application is submitted, applicants may follow its progress on the Application Status page. This page can be accessed upon completion of the application. The status page has the most current information.

Admission timeline:
- Review of applications occurs before and after the application deadline. The Graduate Program in Pathobiology reviews applications as they are received, submitting your application before the deadline is encouraged and will aid in our overall review process.
- Pathobiology will contact strong applicants about interviews in mid-December. In some cases, interviews may be conducted over Skype/Zoom (or similar services). Pathobiology provides travel scheduling, hotel accommodations, and meals throughout an applicant’s visit to the Baltimore campus. We also reimburse mileage costs for personal travel by car for those applicants traveling within driving range to Baltimore for their interviews. Interviews for this program will occur the weekend of January 13th – 16th, 2022.
- Letters describing acceptance, wait list status, or rejection will be sent by email. This information will also be available on the Application status website. Applicants selected for acceptance must choose to accept or reject the offer by April 15, 2022. On April 15, all accepted offers become binding.
- Orientation will be held on the third week of August 2022. Students will begin their training at this time. The Pathobiology program only accepts students for fall matriculation.

Applicant survey:
- Applicants will receive a survey during the third week of April (after April 15) where they can provide feedback about their experience with the Admissions process. The survey will also ask questions about disability status of applicants.

Upon acceptance:
- Accepted students will undergo a criminal background check.
- Accepted students must submit official transcripts to the School of Medicine Registrar. This may be in the form of a digital transcript, which is submitted through a transcript service approved by the Johns Hopkins School of Medicine Registrar. The approved transcript service for international students is WES. Transcripts may also be mailed directly from the Accepted student’s school to the School of Medicine Registrar. Detailed instructions will be provided upon acceptance.
