The financial aid office would like to welcome SOM students back for another school year! We know that the last year has been challenging and we hope that you are encouraged and excited for the start of a new academic year. The purpose of the financial aid newsletter is to keep you up to date on the latest developments from the Department of Education, to provide debt management, repayment and financial literacy resources for students. The newsletter will also make you aware of financial aid deadlines and feature any upcoming outside scholarship opportunities. We hope that you find the information provided useful and welcome suggestions to better serve your needs.

Federal Loan Interest Suspension Extended

On Aug. 6, 2021, the U.S. Department of Education announced a final extension of COVID-19 emergency relief for student loans until Jan. 31, 2022. The emergency relief includes the following measures for eligible loans:

- a suspension of loan payments
- a 0% interest rate
- stopped collections on defaulted loans

The interest rates after the suspension are reflected in the chart below:

Reminder – M1 Sibling Enrollment Verification
Due October 29th

A reminder to incoming Year 1 students who indicated that they have a sibling attending college must submit verification of enrollment by **Friday, October 29th**. Enrollment verifications not received by the due date, may result in scholarship revision or cancellation. An e-mail was sent to the students affected in September. The [Sibling Enrollment Verification](#) form can be found on the financial aid website.

Scholarship Donor Thank You Letters

Thank you to those students who took the time to write such thoughtful letters to the donors of Hopkins philanthropy funds. The donors look forward to hearing about your accomplishments and experiences each year and appreciate the effort that you put forth to write to them as busy medical students. The development office will be sending your letters to the donors this month.

M4 Residency Interview Expenses

The financial aid office will be offering assistance to Year 4 medical students to help offset some of the costs associated with interviewing for residency.

Students will be required to submit a residency expense form to be considered for the assistance. The financial aid office will be sending out specific details regarding the form and submission process in mid-October.

**(new)** Communicating with the Financial Aid Office

Our office will be transitioning to the new Student Account and Enrollment Management (SEAM) initiative being adopted by Johns Hopkins University. As part of this process, students will now communicate with our office by submitting an inquiry through The University’s case management system. This new tool will replace the financial aid e-mail account (finaid@jhmi.edu). We hope this will streamline our processes so that we can better serve you in the most efficient manner possible. More information will be forthcoming in the next few weeks.
Colleges Advisory Program (CAP)
Financial Advising Series

The Colleges Advisory Program is pleased to announce a three-part series on Financial Advising, offered throughout the fall and winter (see dates/times below). The sessions will be led by Dr. Yuval Bar-Or, Associate Professor of Practice at Johns Hopkins University’s Carey Business School, where he serves as the academic director of the Flex MBA and dual degree programs. All three sessions will be offered virtually; the Zoom link for each session is:

All students are welcome to attend all sessions, but some are geared toward specific years.

Reading Your Credit Report

It’s a good idea to get a copy of your credit report; however, you also need to read and understand the information it contains. Any serious inaccuracies could reduce your credit rating or be a sign of identity theft. This article will help you learn more about what’s on your credit report and how to fix a problem.
