

Thank you for your interest in Suburban Hospital's educational opportunities. We currently offer two scholarship programs, as well as a generous tuition reimbursement program. An application, references, and interview are required.

For both programs – the [Casey Scholars Program](#) and the [Suburban Hospital Scholars Program](#) – the amount of the scholarships awarded will vary depending on the costs associated with the program. All scholarships are awarded based upon actual expenses for books, tuition and fees per academic year and the availability of funds. Suburban Hospital reserves the right to modify financial support based on actual expenses. Funds awarded as scholarships will be sent directly to the schools.

Scholarship recipients must commit to working at Suburban Hospital for a minimum of one year, or commensurate with the amount of financial support received. In the event that a scholarship recipient does not fulfill his or her work commitment, the scholarship must be repaid. Depending on financial situations, scholarship recipients may have income tax liability for all, or part, of their scholarship awards.

THE CASEY SCHOLARS PROGRAM

Since 2003, The Eugene B. Casey Foundation has committed to providing support for the undergraduate, graduate and continuing education of nurses and other key caregivers by funding the Casey Scholars Program at Suburban Hospital. This program is designed to assist Suburban Hospital in providing optimal care to patients by increasing its number of new nurses, while retaining and strengthening its existing staff of caregivers through advanced and graduate training opportunities.

Scholarships are offered to employees and non-employees individuals entering into a basic (RN; RN to BSN; accelerated BSN) or advanced practice (MSN; Ph.D.; DNP) nursing program and to employees pursuing graduate study in other fields when there is an identified need at Suburban Hospital. There is a preference for candidates in their last two years of study and all recipients must maintain a 3.0 GPA (on a 4 point scale).

In addition to contributing to the supply of registered nurses in the workforce, Casey scholarships may finance internships in specialty areas, certifications and leadership development programs for Suburban Hospital employees.

THE SUBURBAN HOSPITAL SCHOLARSHIP PROGRAM

The Suburban Hospital Scholarship Program is designed to promote the recruitment and retention of individuals who are currently working at Suburban Hospital and want to further their careers through education. Since 1989, scholarships have been available to candidates who have been accepted into accredited programs in nursing and allied health areas where there is an identified need such as:

- Radiology / Respiratory / Medical Technology
- Physical or Occupational Therapy
- Physician Assistant
- Pharmacy

A grade point average of 2.5 (on a 4 point scale) is required to apply, and must be maintained in order to retain the scholarship.

TUITION REIMBURSEMENT / EDUCATION ASSISTANCE

Tuition Reimbursement is also available to all full-time and part-time regular employees at Suburban Hospital. The maximum amount for full-time employees is \$2,500 and part-time is \$1,250 per calendar year. Employees must complete the course(s) with a passing grade before seeking reimbursement.

Funding is also available to full and part time employees for the education required for certification/re-certification to a maximum of \$500 annually.

TO BE CONSIDERED

To be considered for either a Casey Scholarship or Suburban Hospital scholarship, you must complete and provide the following information:
