

Philip Kim O.D., F.A.A.O.

EDUCATION

Doctor of Optometry

May 2015

Nova Southeastern University - Fort Lauderdale, FL
Cum Laude

Bachelor of Science, Vision Science

October 2013

Nova Southeastern University - Fort Lauderdale, FL

Bachelor of Science, Microbiology and Immunology

June 2010

McGill University- Montreal, Quebec, Canada

PROFESSIONAL EXPERIENCE

Wilmer Eye Institute, Johns Hopkins Medicine – East Baltimore and Columbia, MD

Aug 2019 - Present

Assistant Professor of Ophthalmology, Clinical Faculty

- Optometrist currently within the division of Neuro-Ophthalmology at Wilmer Eye Institute with special training in adult ocular motility and the clinical management of various neuro-ophthalmology conditions.
- Primary care optometrist within the division of Comprehensive Eye Care practicing full scope Optometry in the management of glaucoma, dry eyes, macular degeneration, and other ocular diseases.

Nova Southeastern University College of Optometry - Davie and North Miami, FL

Aug 2016 – July 2019

Assistant Professor of Optometry, Clinical Faculty

- Professional eye care provider utilizing full scope optometry with emphasis towards triage, diagnosis, and overall management of ocular disease.
- Clinical preceptor directly responsible for the education of optometry students and residents.
- Lead presenter in lectures pertaining to ocular disease and clinical skills.

Bascom Palmer Eye Institute, University of Miami - Miami, FL

June 2015 - June 2016

Post-doctoral Optometric Residency in Ocular Disease

- Independent direct patient care at a nationally leading tertiary care ophthalmology hospital.
- Direct medical management and surgical co-management of sub-specialty ophthalmology clinics including glaucoma, vitreous-retina, ocular surface/cornea, refractory/cataract, uveitis, neuro-ophthalmology, and specialty contact lenses including the Boston PROSE.
- Lead presenter in lecture series given to staff optometrists and graduating 4th year optometry externs on clinical rotations.
- Attendance to weekly grand rounds, supplemental fluorescein and other imaging conferences, and daily ophthalmology resident lectures led by ophthalmology fellows and attendings.

Clinical Externships in Ocular Disease and Surgical Co-management

Bascom Palmer Eye Institute, University of Miami - Miami, FL

Dec 2014 - May 2015

4th Year Optometric Student Physician.

- Comprehensive eye care in both primary care and sub-specialty eye clinics led by Ophthalmology residents.
- Direct pre-operative and status post-operative refractive surgical care.
- Attendance to weekly clinical grand rounds, fluorescein imaging conferences, optometry meetings with PowerPoint slide presentations, and active participant in weekly ocular disease journal reviews.

Clinical Internships in Ocular Disease, Contact Lens and Pediatric Eye Care

- NSU Eye Care Institute Pediatric Eye Clinic* – North Miami Beach, FL *Fall 2014*
4th Year Student O.D.
- Evaluation and management of ocular health and binocular vision status of both children and infants and their pertaining diagnosis.
 - Clinical treatment with focused attention towards management of non-strabismic binocular disorders, strabismus, amblyopia, accommodative disorders and retinal pathology commonly associated with high risk pediatric population.
- NSU Eye Care Institute Contact Lens Clinic* – Fort Lauderdale, FL *Fall 2014*
4th Year Student O.D.
- Direct contact lens examination and fitting of soft and hard contact lenses to both routine patients and patients with complex corneal pathology.
 - Issued training towards new contact lens wearers on the proper care, replacement and instillation of new lenses.
 - Performance and analysis of multiple testing measuring corneal integrity including Medmont corneal topography, Oculus Pentacam, pachymetry, anterior segment optical coherence tomography.
- NSU Low Vision Lighthouse Clinic* - Broward, FL *Fall 2014*
4th Year Student O.D.
- Provider of comprehensive low vision examination with attending doctors with highly specialized residency training in the area of low vision.
 - Performance of numerous testing involved in functional low vision examination including assessment of visual acuity with low vision charts, trial frame refractions, demonstrations of low vision devices, and assistance with vision rehabilitative services.
- NSU Advanced Care Glaucoma Clinic* - Fort Lauderdale, FL *Fall 2013*
3rd Year Student O.D.
- Direct medical management of patients in both primary and secondary glaucoma at all levels of the disease.
 - Participated in daily rounds and discussion of various glaucoma cases led by Dr. Joseph Sowka.
 - Performance and interpretation of all required and ancillary glaucoma testing including Goldmann tonometry, gonioscopy, pachymetry, Humphrey Visual Fields, Optical Coherence Tomography, and optic disc photography.
