## Reminder: Use of Long COVID-19 Code

**Effective Date:** Immediately

**Health Plans Affected:** Johns Hopkins Employer Health Programs (EHP), Priority Partners, Johns Hopkins US Family Health Plan (USFHP)

**Type of Change:** Code for Long COVID-19

### Explanation of Change:

JHHC would like to remind providers to use ICD-10 code U09.9 when reporting incidents of Long COVID-19.

Applying ICD-10 code U09.9 whenever appropriate helps JHHC with reporting and gauging the impact of Long COVID-19 on our members, as well as providing care management services to these members.

Please use the Long COVID-19 code, which went into effect Oct. 1, 2021, in addition to the ICD-10 codes specific to the symptoms of Long COVID-19, such as fatigue, shortness of breath, and memory problems.

*Please contact the JHHC Provider Relations department at 888-895-4998 with any questions or concerns.*
