

## New Health Care Performance and Quality Resource Center on the JHHC Provider Website

JHHC's Provider Engagement Liaison and Clinical Transformation (PECT) team is pleased to announce the addition of its [Resource Center](#) to the Provider website. The resource center offers one-stop access to resources for performance and quality measures and initiatives. Providers can find information, tools and other materials on the following:

- HEDIS®, Value-Based Purchasing (VBP) and CMS Five-Star Quality Rating System
- HEDIS measures toolkit and tip sheet
- Maryland Department of Health (MDH) Population Health Incentive Program (PHIP)
- Whole Health Assessment (WHA) forms for Advantage MD members
- And more!

Additional tools and content will be added to the resource center in the future.

The screenshot shows the Johns Hopkins HealthCare LLC website. The navigation menu includes Home, For Providers, Research, News & Publications, About JHHC, and Careers. The left sidebar contains a list of links, with 'Health Care Performance Measures' and 'Performance & Quality Resources' circled in red. The main content area is titled 'Provider Engagement: Performance & Quality Resources' and includes the following text:

**Provider Engagement: Performance & Quality Resources**

**JHHC's Provider Engagement Liaison and Clinical Transformation Team (PECT)**

JHHC's PECT team fosters collaborative relationships with providers of all specialties to achieve the following goals:

- to ensure that each health plan member is a priority
- to support overall business and operational success
- to drive quality and health care performance measures

The PECT Team uses Value-Based Purchasing (VBP), Healthcare Effectiveness Data and Information Set (HEDIS®) measures and CMS Star Ratings to align with equitable health care industry standards.

**HEDIS, VBP, CMS Five-Star Quality Rating System**

- **HEDIS:** consists of 60 to 75 measures, depending on the type of health plan, across eight domains of care. Please refer to the HEDIS Quality Measures Toolkit for more information on how you can affect performance.
- **Maryland Department of Health (MDH)'s Population Health Incentive Program (PHIP):** The PHIP from MDH is driven by performance and includes VBP HEDIS measure goals defined by the National Committee for Quality Assurance (NCQA) and MDH.
- **CMS Five-Star Quality Rating System:** evaluates quality and performance of Medicare Advantage plans and prescription drug plans.

For more information or to request a copy of the HEDIS Quality Measures Toolkit, please contact the JHHC PECT

HEDIS® is a registered trademark of the National Committee for Quality Assurance (NCQA).

*Please contact your JHHC Provider Engagement Liaison with any questions or concerns.*
