

The Department of Medicine shares the commitment to diversity espoused by the School of Medicine and Johns Hopkins University, and it views diversity as essential to the Department's pursuit of excellence in education, patient care, research and addressing health care disparities. In view of that commitment, the Director of Medicine and the Diversity Council of the Johns Hopkins University Department of Medicine invites medical students who are from groups underrepresented in medicine, including under-represented minorities and persons from disadvantaged backgrounds, and who intend to pursue a career in internal medicine or its subspecialties, to apply for our Visiting Clerkship Program. We look forward to welcoming all students, regardless of race or ethnicity, who are committed to this important mission. The clerkship exposes medical students to career opportunities available in an academic medical center and includes: an assigned faculty mentor, exposure to research programs (emphasizing those focused on underserved populations), service learning opportunities through community outreach programs and assistance in preparing for the residency interviews. A stipend is provided on a highly competitive basis. The clerkship exposes medical students to career opportunities available in an academic medical center and includes:

- a faculty mentor
- exposure to research programs (emphasizing those focused on underserved populations)
- service learning opportunities through community outreach programs
- assistance in preparing for residency interviews

A stipend in the amount of \$2,500 is provided upon successful completion of the clerkship

Applicants should:

- Be currently enrolled in a **Liaison Committee on Medical Education (LCME) or American Osteopathic Association (AOA)** accredited medical school (all of which are located in the U.S. or Canada).
- Have successfully completed their basic/core internal medicine rotation.
- Have intentions of pursuing internal medicine residency.
- Have a strong academic record (i.e. no repeat testing of USMLE/COMLEX, or repeated coursework).

Application requirements:

1. Completion of the attached application on **page 4**
2. Current resume or curriculum vitae (CV) with complete details of educational experience, and if applicable, leadership, research and community service experiences
3. A 350 to 500-word essay describing reasons for applying to the clerkship and your interest in internal medicine
4. Two letters of recommendation (at least one from an internal medicine, or its subspecialties, faculty member who has taught and evaluated the applicant)
5. Official medical school transcript
6. Official USMLE or COMLEX transcript, if applicable
7. Commitment from the applicant's medical school allowing a 4 week away rotation

Finalists will be invited to conduct a brief (30 minute) telephone- or video-based interview that will include discussion of clerkship options. Accepted applicants will also be required to complete the Johns Hopkins School of Medicine clerkship application process prior to initiation of the clerkship.

Application material and resume/CV are due on May 31 and should be sent electronically to Angela Sutton (asutto10@jhmi.edu).

Letters of recommendation and transcripts should be sent separately by the letter writers and the applicant's institution, respectively, and are due June 7.

If submitting by mail, send to:

Angela Sutton
